It is strongly recommended that the hirer cover the instrument through their home insurance policy. Arts faculty staff can assist with the provision of valuations for instruments.

All instruments are to be returned in good working order. All incidents resulting in damage to a College instrument must be reported to the Head of the Arts Faculty within three days. The College is understanding of accidental damage or that resulting from normal wear and tear; however, if there is evidence of malicious or non-accidental damage, or if damages are not reported in a timely manner, parents will be charged the applicable repair or replacement cost.*
