

ATTRIBUTES

OF AN AQUINAS COLLEGE STUDENT

An Aquinas College student will graduate as a Global Citizen with embedded cultural competencies that embody the following attributes:

They will be an **effective communicator** by being literate and numerate.

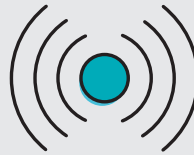

They will be an **inquirer** with a sense of their own spirituality, social attributes and intellect to think critically and contribute in matters of global significance.

They will be **courageous** and leave Aquinas independent, resilient and ready to participate fully in the world with respect for others.

They will be **health conscious** and able to promote good personal and collective physical and mental wellbeing.

They will be **fluent in 21st century digital technology** by being collaborative, creative and ethical in their use of ICT.

They will be **open minded, adaptable and considerate** of multiple perspectives.

They will be a **sustainability advocate** with an appreciation of the world they inhabit and capacity to affect change both locally and globally.

Demonstrate an understanding of **intercultural competencies** and their importance as a global citizen.
