ACCEPTANCE AND REFUSAL OF AUTHORISATIONS POLICY

Under the Education and Care Services National Law and Education and Care Services National Regulations, early childhood services are required to obtain written authorisation from parents or guardians for some circumstances, to ensure that the health, safety, wellbeing, and best interests of the child are met and upheld. An authorisation is given where a person who has legal responsibility for a child gives permission to another person to do something or to make a decision on that person's behalf. Authorisations are usually authenticated by a signature- either in written form or as an electronic signature. All authorisation and refusals are to be kept in the child's enrolment record.

PURPOSE

Our priority is ensuring the health, safety, and well-being of children. We believe that children's safety,rights, and best interests are the paramount consideration for all Service operations, decisions and functions. We aim to ensure that all educators, staff, students, and volunteers are consistent in how authorisations are managed and understand what does or does not constitute a correct authorisation, which consequently may lead to a

refusal. Our governance and quality management processes are effective and transparent and meet all regulatory requirements. Decisions around refusing an authorisation will be made on a case-by-case basis by the service in accordance with the Nominated Supervisor, Police, Regulatory authority, or other authorities.

SCOPE

This policy applies to children, families, staff, management, approved provider, nominated supervisor, students, volunteers, and visitors of the Service.
