This is a first-class pathway for our Australian athletes to perform with the Los Angeles Rams Cheerleaders one of the most iconic professional sideline teams in the NFL. This is your chance to be part of the very first intake of these extraordinary dance workshops and discover what it takes to become an LA Rams Cheerleader.

Don't miss this unique opportunity to elevate your skills, build your confidence, and gain insights from some of the most talented professionals in the industry!

Led by Keely Fimbres, the Director of Cheerleaders for the Los Angeles Rams, these workshops are expertly designed to inspire and empower dancers aged 16+. You'll receive invaluable guidance, learn professional routines, and develop techniques that are showcased on game day by the world-class Rams Cheerleaders. Keeley's aim from these workshops is to identify Australian dancers with the skills and talent to one day be invited to the LA Rams Cheerleaders auditions to become an LA Rams Game Day Cheerleader.
