How to sign in to Google Classroom in a web browser

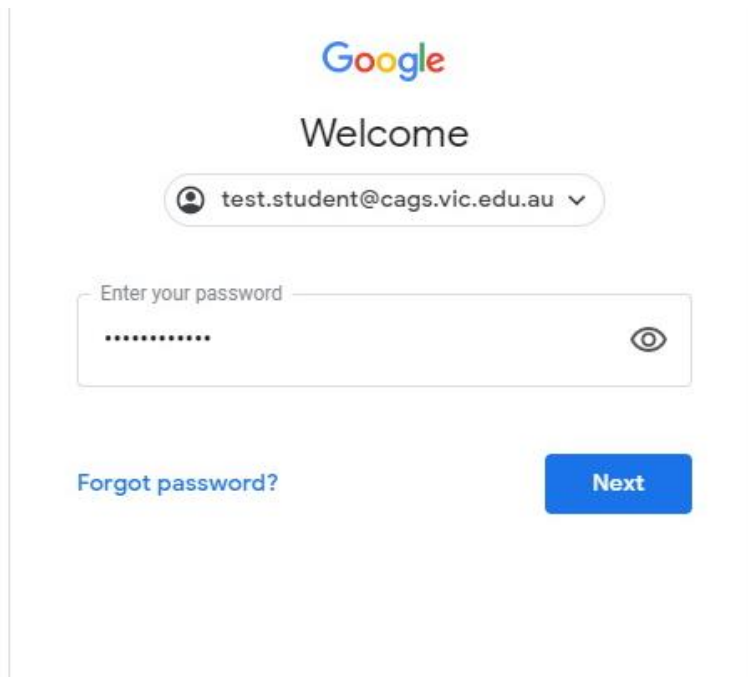

1. Open a web browser (e.g. Chrome, Edge, Firefox) and search 'Google' or open the following web address 'www.google.com.au'. Then click on the blue Sign In button in the top right corner of the page.

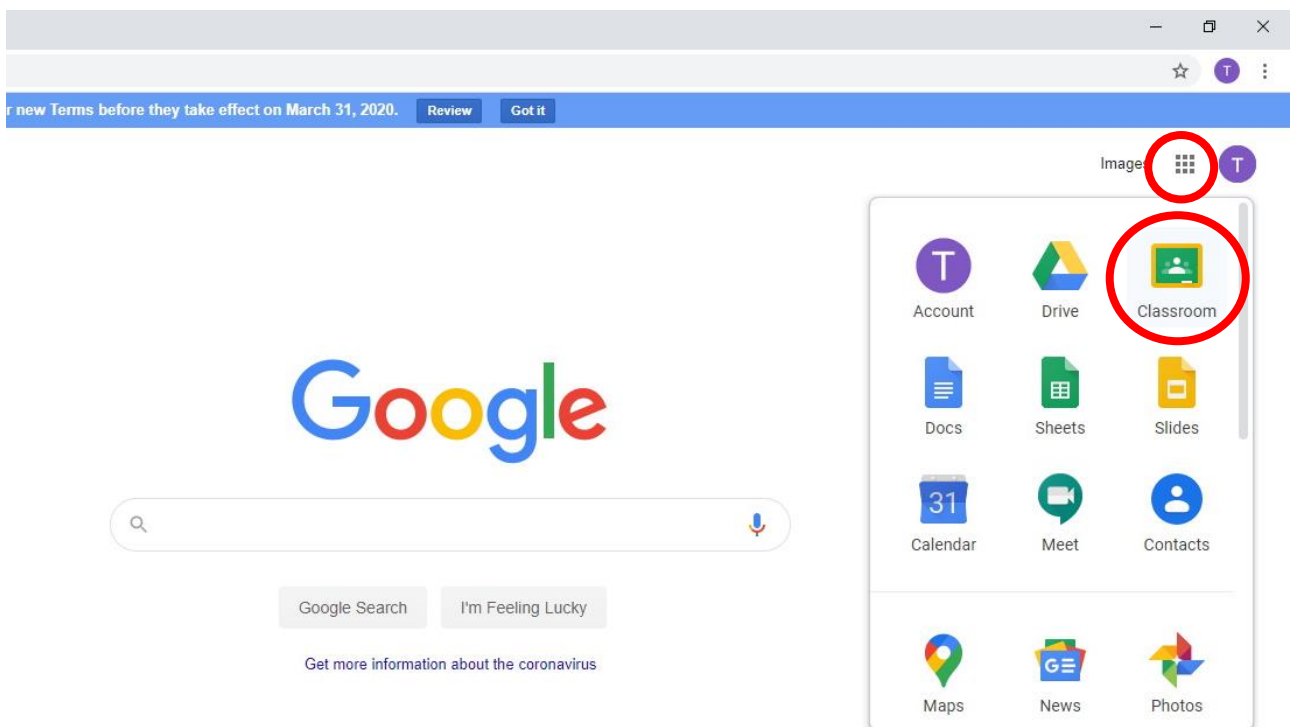

2. Then Enter your school email address (e.g. 'test.student@cags.vic.edu.au', your own personal Google account won't work) and then click Next.

- Then enter your school network/email password (the password you use to sign in to the school's computers and school email) and click Next.

- Now you have signed in to your school provided Google account, you can access Google Classroom. To do this click on the 9 squares icon in the top right corner of the page, and then the Classroom icon.

5. Once this screen (or similar) you have logged in and navigated to Google Classroom.
