Date to be reviewed	March 2027
Endorsed by	Karl Russell - Principal

Purpose

To explain to parents/guardians how Cheltenham Secondary College (SC) collects, uses and discloses photographs, video and recordings of students, when parent/guardian consent is required before photographing, filming and recording students, and how consent provided can be withdrawn.

Scope

This policy applies to the general collection, use and disclosure of photographs, video and recordings (images) of students.

The policy does not cover the:

- use of Closed Circuit Television (CCTV). The use of CCTV is covered in the department's CCTV in College's Policy.
- Use and disclosure of photographs, video and recordings of adults.

Policy

There are many occasions during the school year where Cheltenham SC staff photograph, film or record students participating in college activities or events, for example, classroom activities, sports events, concerts, excursions, camps etc.

We do this for many reasons including to celebrate student participation and achievement, showcase learning programs, document a student's learning journey/camps/excursions/sports events, communicate with our parents/guardians and college community in newsletters, social media and on classroom blogs. There may also be occasions where we take images to support student behaviour management or to fulfil legal obligations. Further detail is provided within this policy.

In addition to the above, there may be situations where a third-party requests to take, use or disclose images of students.

This policy outlines the practices that Cheltenham SC has in place for the collection, use and disclosure of images of students to ensure compliance with the *Privacy and Data Protection Act 2014* (Vic). It also explains the circumstances in which we will seek parent/guardian consent and how consent can be provided and withdrawn.

Consent

The Photographing, Filming and Recording Students Consent Form is provided by Cheltenham SC at enrolment. This form applies to standard uses of images for the time your child attends the college. Standard uses are defined in the following sections.

For non-standard uses, where consent is required, parents/guardians will be sent a consent form for that specific situation. Schools will also notify parents when implementing software that may include photos of students, giving parents an opportunity to discuss any concerns or preferences.

If at any time parents/guardians wish to withdraw their consent, they can by contacting College Communications on 9555 5955 or communications@cheltsec.vic.edu.au. If consent is withdrawn verbally, the college will make a written record of this. However:

- if the images have already been published and are in the public domain, it may not be possible to remove them
- the college can still collect, use, and disclose images in circumstances where consent is not required (see below for more information).

Image use within the physical college environment

Cheltenham SC may photograph, film or record students to use within the physical college environment, including:

- for display in college classrooms (e.g. in displays of student work, on noticeboards to celebrate achievements)
- other in the administration building for marketing purposes.

A Photographing, Filming and Recording Students Consent Form will be given to parents/guardians on enrolment for the standard uses described above. Consent, if given, applies until it is withdrawn or changed. If a parent/guardian would like to withdraw or change their consent at any point in time, they must notify the college.

Image use within the college community

Cheltenham SC may photograph, film or record students to use within the college community, including:

- in the college's online communication, learning and teaching tools (e.g., emails, classroom blogs or apps that can only be accessed by students, parents/guardians and college staff with passwords).
- in the college magazine.

A Photographing, Filming and Recording Students Consent Form will be given to parents/guardians on enrolment for the standard uses described above. Consent, if given, applies until it is withdrawn or changed. If a parent/guardian would like to withdraw or change their consent at any point in time, they must notify the college.

Image use beyond the college community

Photographs, video or recordings of students may also be used in publications that are accessible to the public, including:

- on the college's website (including in the college newsletter which is publicly available on the website)
- on the college's social media accounts
- promotional and marketing materials placed in public view.

A Photographing, Filming and Recording Students Consent Form will be given to parents/guardians on enrolment for the standard uses described above. Consent, if given, applies until it is withdrawn or changed. If a parent/guardian would like to withdraw or change their consent at any point in time, they must notify the college.

We will notify you individually if we are considering using any images of your child for specific advertising or promotional purposes.

Media

The media, or the Department of Education's media team, may seek to photograph, film or record students for a news story or college event. This may include broadcast media, online or social media or print media, including newspapers and magazine publications. When Cheltenham SC receives such requests, our college will:

- provide parents/guardians with information about the organisation involved and when and for what purposes the photography, filming or recording will occur
- seek prior, express parent/guardian consent in writing.

Students will only be photographed, filmed or recorded by the media at school if express consent is provided for that specific media event. Neither the college nor the department own or control any photographs, video or recordings of students taken by the media.

Research

On occasion, the college may agree to research projects being conducted at the college. If this occurs, parent/guardian consent will be sought for student participation, including any photography or recording of students.

Closed Circuit Television (CCTV)

Parent or guardian consent is not required for a college to install CCTV. However, Cheltenham SC will inform the college community of the intention to install a CCTV through (appropriate channels such as: posted material within the college grounds). Our college's CCTV system is managed in accordance with the department's [CCTV Installation and Management Policy](#). Further information about how CCTV is managed and operated is available in our CCTV Privacy Notice.

Other external collection, use or disclosure

If there is a situation which will involve the collection, use or disclosure of images of students by or to third parties which is not otherwise covered by this policy, Cheltenham SC will:

- provide parents/guardians with information about the event or activity, the organisation involved and when the photography, filming or recording will occur
- seek prior, express parent/guardian consent in writing.

Official school photographs

Each year Cheltenham SC will arrange for a professional photographer to take official school photographs of students. This will generally involve both class photos and individual photos being taken.

Official school photographs may be:

- purchased by parents/guardians
- used for college identification cards and student identity verification letters
- stored on CASES21 for educational and administrative purposes.

Cheltenham SC will notify parents/guardians in advance of the official college photographs being taken to give them an opportunity to decide whether their child will be included in the photographs.

Parents/guardians who choose to opt out of having their child participate in official college photographs must contact communications@cheltsec.vic.edu.au before the date photos are scheduled to be taken to advise that their child will not participate. There is no obligation on any parent or guardian to purchase any photographs taken. However, the college will need to discuss with these parents/guardians alternative arrangements for identifying students in emergencies and for other essential purposes.

Images to manage student behaviour or fulfil our college's legal obligations including child safety

On occasion, it may be necessary for college staff to photograph, film or record students and/or use images to:

- fulfil legal obligations, including to:
 - take reasonable steps to reduce the risk of reasonably foreseeable harm to students, staff and visitors (duty of care)
 - provide a safe and suitable workplace (occupational health and safety law)
 - supporting students' social and emotional wellbeing, and health (duty of care)
- for identification purposes, when necessary to implement discipline and/or behaviour management policies.

Cheltenham SC does not require or obtain consent from parents/guardians or students to photograph, film or record students, or to use these images, for these reasons. However, when Cheltenham SC photographs, films or records a student for any of these purposes, staff will only collect and use such images in a way that is necessary, reasonable and appropriate in the circumstances.

Child Safe Standards

Cheltenham SC will use student images reasonably, appropriately and sensitively, consistent with our obligations under the Child Safe Standards and our college's Child Safety and Wellbeing Policy. If at any time a parent/guardian or student has a concern about the use of any images they should contact communications@cheltsec.vic.edu.au.

Curriculum-based activities

Photographs, film and recordings of students may be collected and used for curriculum-based activities (i.e. class work) as part of standard learning and teaching practices. Cheltenham SC does not require or obtain consent for this. Access is limited to students and relevant teaching staff. Parents/guardians may have access to images of their own child in this context.

Professional development

Occasionally, teachers and classes may be recorded for professional development purposes to improve the delivery of educational services. Cheltenham SC does not require or obtain consent for this, however, the recordings will only be used internally and for the specific purpose of staff development.

Storage of images

Photographs, video and recordings of students taken by Cheltenham SC will be stored in our secure document storage systems with restricted access. Any photographs, videos or recordings made on devices, including non-college issued devices, will be transferred to secure college systems and removed from the devices as soon as reasonably possible.

Images taken by the college community

Cheltenham SC permits parents/guardians, students and invited guests to photograph, film or record college performances, sporting events and other college-approved activities.

Cheltenham SC requests that parents/guardians, students and invited guests who photograph, film or record college activities only do so for their own personal use and do not publish the images in any form, including on social media, without the prior consent of persons whose children also appear in the images.

Neither the college nor the department own or control any images of students taken by parents/guardians, students or their invited guests at college activities.

Communication

This policy will be communicated to our college community in the following ways:

- On enrolment
- An annual reminder in our college newsletter
- Available publicly on our college's website
