

LAUNCH INTO LEARNING 2026

Launch into Learning will support transition into our Kindergarten through a range of physical, social and emotional development activities and early literacy and numeracy experiences. Parents and carers can expect a warm and welcoming environment where their child will build friendships, experience dancing and singing, listen to story-telling, go on excursions, explore in nature, have fun with water and enjoy fine motor and gross motor activities. Launch into Learning (LIL) aims to reinforce the importance of parents and carers being the primary educators in a child's first phase of their life.
