Two languages, two curricula.

Endless opportunities.

Empower your child with the advantages of a bilingual education and dual curriculum at Deutsche Schule Melbourne (DSM).

We educate children to become confident young people who have the knowledge, skills and motivation to think critically, solve problems and shape the world around us.

- Primary School offering Foundation to Year 6
- Immersive and integrated language learning in German and English
- Following the Victorian and German curricula
- Focus on social-emotional learning
- Laying the foundation for international education pathways and opportunities

No prior knowledge of German required for parents or students.

If you are looking for a school that feels like a second home, DSM is a great place to start!

Book a school tour via the QR code.

For enrolment enquiries, please contact our friendly team.
