The ELTHAM College Holiday Program includes a wide variety of engaging activities to interest your child. The centre is set up with many different activity stations to allow your child to freely enjoy different types of play experiences including: dramatic play, create, draw and paint, puzzles and board games, music area, sensory table, relaxation area, bean bags, movie time, indoor and outdoor group games, a fully-fenced playground, active play and sport.

The programmed activities are planned to enhance your child's development in the following areas: fine and gross motor physical skills, social and emotional skills, language and speech development, cognitive (thinking) skills and life (including cooking) skills.

Please feel free to contribute to the 'Parent Comments' section of the program displayed in the centre. Our team of educators are happy to answer any questions you may have.

Learning Studios

Learning Studios invite the children to think through unique lenses and assume specific roles and identities. Through authentic experiences, children learn about the world and who they are within it. They play to explore and learn and the spaces respond to their emerging interests, discoveries and wonderings.

IMAGINATION STUDIO

think like a reader, storyteller, dancer, musician, actor, narrator, writer ...

... an exploration of language, story and imagination as children engage with sounds and patterns; purpose and expression; creativity and imagination; symbols and meaning; tools and materials.

MAKER SPACE STUDIO

think like an inventor, an engineer, an industrial designer, a costume designer, set designer...

... an invitation to every child to engage their unique perspective through exploration of natural materials, repurposed materials, fabrics, wool, leather, to be creative and innovative; make observations; ask questions; pose theories; make connections; consider properties and attributes; see the extraordinary in the ordinary.

VISUAL ART STUDIO

think like a painter, sculptor, potter, printer, photographer, designer, creator, chemist...

... an exploration of creative expression through visual art techniques, skills and tools as children engage with materials to interpret, transform, compose, combine and manipulate.

Holiday Program Activities

MOVIE DAY: SAVING SANTA

A lowly stable elf finds that he is the only one who can stop an invasion of the North Pole by using the secret of Santa's Sleigh, a Time Globe, to travel back in time to save Santa - twice.

MOVIE DAY: CHICKEN RUN

A determined hen and a cocky rooster lead their feathered friends in a great escape from the farm to make sure they're not turned into chicken pies.
