### APPLICATION PACKAGE

Grace Lutheran College consistently achieves outstanding results for students whose passion is dance. From countless placings in local and regional Eisteddfods and National Dance Competition performances, to Teacher Partnerships with the Queensland Ballet and other leading companies, the College's dance students are provided with world class opportunities to develop their choreographic and performance skills.

This package provides information about the Dance Development opportunity, a partnership between the subject Dance and Grace Arts Academy to provide an additional co-curricular pathway for students in Years 7 to 9, who love to dance or have a passion for artistic movement.

### PROGRAM OVERVIEW

The aim of the opportunity is to provide students with knowledge and skills to develop their ability to look after and strengthen their body as a tool for artistic expression and further their creativity and choreographic skills. Aligning with the College's mission statement, the opportunity aims to glorify God through a holistic approach to self development, personal goal setting and valuable educational experiences related to dance. Students will grow, be empowered and learn through the education and expertise gained by participation in this co-curricular Dance Development opportunity, discussing their goals and exploring a broad range of future pathways and performance opportunities.

The participants attend workshop sessions one morning per fortnight (7:15-8:00am), addressing:

- Nutrition
- Injury prevention
- Choreographic skill development
- Stretch and strength
- Individualised goal setting & teamwork
- Design and production
- Repertoire development.

Approximately once per Term, students will be offered a specialised repertoire workshop with professional artists/ staff to extend their dance skills and encourage personal growth.

Annual Program Fee: \$160. This fee assists in covering equipment, costuming and specialised workshop costs.

For students performing at a State or National level in their area of talent, a flexible learning pathway can be applied for. This pathway can provide a flexible timetable allowing the student to attend external training, auditions, rehearsals or performances. The flexible timetable individualises the student's hours of attendance and provides a College mentor to oversee its implementation. Written applications for the Ignite Excellence: Flexible Learning Pathway (The Arts), along with supporting documentation, should be submitted to the College's Head of Teaching and Learning.
