HAILEYBURY

Class of 2022

VCE Results

Message from the CEO | Principal

We knew that our brilliant Haileybury teaching staff had risen to the challenges thrown at us by COVID-19. We knew that our determined and resilient Haileybury students, with the support of families and friends, had also risen to the challenge. Now the evidence for this is perfectly clear: the Class of 2022 have produced the finest VCE results in the 30-year history of the VCE at Haileybury.

Seven Haileybury students achieved the highest possible Australian Tertiary Admissions Ranking (ATAR) of 99.95. This is an incredible achievement given that only a little over 30 students will be awarded an ATAR of 99.95 out of the 50,000 VCE students who sat the VCE in 2022.

A quite remarkable 60% of all students in the Class of 2022 achieved an ATAR of 90 or above, placing them in the top 10% in Australia. This is well up on the previous Haileybury record of 55%. Haileybury is an open-entry school and the achievement of 97% of all students in the top 40% in Australia is an excellent reflection of our commitment to every student. Our School motto that "Every student matters every day" is being lived and is reflected in students having the opportunity and the support to reach their potential.

Haileybury's 2022 graduating cohort deserve great credit for their fortitude and resilience and for working so collaboratively with each other and with their teachers.

I pay tribute to all the staff for this exceptional performance. It is a great reflection of their professionalism, dedication and care, all of which has been on display these last three years.

Our teachers are committed to evidence-based strategies that work – the evidence of this is clear in the results.

I also acknowledge the support of all families. Great academic results are the product of a strong partnership between the students, parents and guardians and the School and its staff. The result of this hard work is there for all to see – absolutely brilliant individual student performances which flow into an extraordinary school performance.

The Haileybury school year closes on an excellent note. We celebrate the achievements of the Class of 2022 and we look forward to 2023 with great optimism.

Derek Scott
