20

Dear Parents,

Haileybury students have produced the second-best set of VCE results in the School's history. This is a remarkable achievement in a year in which they faced, and met, many challenges.

Completing the VCE is a true achievement and a 100% pass rate underlines our students' dedication and commitment to hard work.

Two Haileybury students, Oscar Jeffrey and Jun Wen Lin achieved the highest possible Australian Tertiary Admission Rank (ATAR) of 99.95. Remarkably, 32% of all boys and girls were in the top 5% in Australia. 52% of Haileybury Girls College students and 51% of Haileybury College students attained an ATAR in the top 10% in Australia.

These extraordinary results are a testament to our students' commitment, work ethic and to brilliant teaching. They place Haileybury at the top of performances by Victorian and Australian schools.

Haileybury is an open entry school and the achievement of 94% of all students in the top 40% in Australia is an excellent reflection of our commitment to every student. Our School motto that "Every student matters every day" is being lived and is reflected in students having the opportunity and the support to reach their potential.

Haileybury's 2020 graduating cohort deserve great credit for their fortitude and resilience. Our brilliant teachers have demonstrated the highest professional standards and care. I pay tribute to all the staff for this exceptional performance.

I also acknowledge the support of all families. Great academic results are the product of a strong partnership between the students, parents and guardians and the School and its staff. The result of this hard work is there for all to see – absolutely brilliant individual student performances which flow into an extraordinary school performance.

The Haileybury school year closes on an excellent note. We celebrate the achievements of the Class of 2020 and we look forward to 2021 with great optimism.

Yours sincerely,  
Derek Scott  
CEO | Principal
