

The joy of
learning
Music

As parents, we all want what's best for our children. In a world full of exciting activities, learning to play a musical instrument is an enriching opportunity for young people. Music builds confidence and enhances their cognitive development, emotional intelligence, discipline, and social skills. Therefore setting the stage for academic success. As parents, you can open doors to a brighter future for your child where music will resonate throughout their life.

INSTRUMENTAL MUSIC PROGRAM

An added opportunity is the Instrumental Music program which allows students to learn to play an instrument with specialist music tutors during school hours. This optional program is open to all students from Years 6 to 12, and additional fees apply for the weekly lessons. Lessons take place during school hours, on a rotational basis, to avoid missing the same class each time.
