

GREGORY FABRICATIONS

PROUD OWNERS OF
Breckon Cattle
Equipment

ABOUT US

Gregory Fabrications is a family-owned and operated fabrication and labour hire business servicing the mining and agricultural industries in Central Queensland. Based in Clermont, QLD, Gregory Fabrications prides itself on having a strong understanding of client needs and schedules, allowing us to provide our clients with consistent, versatile and durable solutions.

Our large client base and the variation between the agricultural and mining industries allow our staff to work on a large range of different equipment and jobs, facilitating personal development and growth.

We are proud supporters of the local and regional community, encouraging growth and longevity in the region through our dedicated sponsorship of a variety of events that are important to our clients, and to us.

OUR SERVICES

01

LIGHT AND HEAVY FABRICATION

The two fully-equipped workshops on our premises allow our staff to fabricate and repair a large range of components for both the mining and agricultural sectors

02

LABOUR HIRE

Our dedicated team of Boilermakers, Diesel Mechanics, Trade Assistants and Apprentices allow us to provide 24/7 breakdown and planned maintenance labour for mine sites and on-property works

03

BRECKON CATTLE EQUIPMENT

Gregory Fabrications is the proud owner of Breckon Cattle Equipment, a renowned brand that has been manufacturing high-quality, resilient, cattle handling equipment since 1985
