## **Statement of Commitment to Child Safety**

Mt St Michael's College is committed to the safety, wellbeing and dignity of all children and young people. The College meets its obligations under the Child Safe Organisations Act 2024 (Qld) and implements the Queensland Child Safe Standards and upholds the Universal Principle of Cultural Safety across governance, leadership, policy and practice.

Child safety and wellbeing are embedded within the College's culture and decision-making processes. Safeguarding children is a shared responsibility of the Board, leadership, staff, volunteers, contractors, parents and the wider College community.
