As the person enrolling the student at the College and in consideration of the College providing a Computer to the student, you will be responsible to the College as follows:

You will pay, in addition to the standard tuition fee, an IT levy which is intended to recoup to the College the cost of staffing and maintaining the Computer. Refer to the tuition fees documents of the IT Levy cost that can be found on the Northside website under Enrolments>>Fees.

The College will arrange for any repairs. You will be required to pay for the repairs to the extent they have not arisen from reasonable wear and tear and to the extent they are not covered by insurance.

Please do not attempt to open or disassemble the Computer.

You will be required to pay any costs incurred for accidental repairs as detailed in the Computer Program Statement document.

It is highly recommended that the Computer is included in your household contents insurance as this will be the first point of call for a claim arising from total loss or theft. The normal statutory declaration will need to be completed in the case of any claim.

You must ensure that the student and any other persons who have possession of the Computer comply with the conditions of use set out from time to time in the Digital Policy provided by the College.

---

Please complete and sign the following and bring it along with you to the Help Desk to pick up the Computer.

Please circle your student's year level in 2021:

Year 7    Year 8    Year 9    Year 10    Year 11    Year 12

I have read and agree to abide by all the expectations listed above and have read the Digital policy - Student Responsible Use.
