#### Personal Protective Equipment – not available through Campion

In the interest of student health and safety, and due to a policy change by Education Queensland which discourages the sharing of personal protective equipment (PPE), all students participating in classes that require the wearing of PPE will need to provide their own from 2021.

The subjects that have PPE requirements are listed below. If your student is enrolled in one or more of these classes, please ensure they have the necessary items prior to the start of school in 2021. If you don't already own the required PPE items they may be purchased at the College Uniform Shop. Aprons are available for \$12.00 and safety glasses are \$3.00 per pair.
