

# Tuition Fees - 2020

All SCEA Schools strive to provide an accessible fee structure. Fees are due per term in advance. If settled in full by 28 February each year, a 3% early settlement discount applies to the tuition fee component. If not paid in advance, direct debit options are available.

Fees and levies for all SCEA schools are subject to variation.

## School Development Fund

To enable continuous provision of quality new learning facilities as we grow, an annual contribution of \$150 per student is required to the School Development Fund. This is discounted for second, third and subsequent students according to our family discount structure. As a compulsory payment, the School Development Fund contribution is not tax deductible.

# Enrolment Fee

When a place or places are offered to the first child(ren) in any family, a non-refundable Enrolment Fee of \$670 per family shall be paid by the parent/guardians to accept the place(s) offered. Payment of the Enrolment Fee guarantees enrolment of the child(ren) offered a place at that time, but does not guarantee acceptance of subsequent applications.

# Family Discounts

All SCEA Schools provide significant discounts on tuition fees and the school development fund for second, third and subsequent children from one family concurrently attending the school.

The family discount on tuition fees can be combined with the 3% early settlement discount. Discounts are not available on Kindergarten fees due to the structure of government contributions to tuition costs for Kindergarten programs.

The following table demonstrates total tuition and resource fees for 2020 after the listed discount is applied to the tuition fee component.
