OUR OUTSIDE SCHOOL HOURS PROGRAM

Ormiston College Outside School Hours Care provides the opportunity for students to learn from experiences in a happy, stimulating, supportive, fun, safe and family orientated environment. After a structured day at school the students are warmly welcomed to a program where they are free to choose to partake in activities, complete their homework or simply socially engage with their peers.

ORMISTON COLLEGE OSHC STAFF

Our highly qualified and experienced educators engage in sustained interactions with the students whilst modelling and promoting the students learning dispositions.

NATIONAL QUALITY STANDARD RATING

Outside of school hours care services are assessed and rated against quality standards under the National Quality Framework. The National Quality Standard sets a benchmark to ensure that the quality of services are maintained. The Ormiston College Outside School Hours Care (OSHC) service holds a 'Exceeding National Quality Standard' rating.

The 'My Time, Our Place – Framework for school Age Care in Australia' is the curriculum provided by the Council of Australian Governments. It is used to assist educators with providing students opportunities to maximise their potential and develop a rich foundation for success. Using this framework, as a guideline, the educators plan a program based on the interests and strengths of the students challenging them to be curious about what is of interest to them while at the same time developing self-identity and social competencies.
