2018
Annual Giving Appeal

Message from the Principal and Chair of Council

The PCACS Annual Giving Appeal provides our community with an opportunity to offer additional assistance to enhance our facilities, above and beyond the other traditional funding mechanisms available to us as a School.

Philanthropy in general is a 'feel good' mechanism, which makes us feel that we have gone beyond what is generally required to provide support to a cause which is close to our own hearts. It also offers us a palpable link to future developments - we know that your additional

donation will be earmarked for one or more special projects, and we can monitor their progress with a sense of ownership.

All donations make a difference, whether large or small, and we would encourage everyone associated with the School to consider the Peter Carnley Anglican Community School's Annual Giving Appeal as a real and viable way to commit to positive change and development within our local community.

New Beginnings

Annual Giving has replaced the School Building Fund Voluntary Donation Appeal. Gifting makes a significant difference, with students benefiting through renovations and the enhancement of facilities to create an improved learning environment.

Who, What, Why?

Annual Giving is an appeal made to community members, aimed at providing resources to fund achievable projects.

Participation is the key to the success of Annual Giving. It is about being involved, not about how much you give. All gifts to Annual Giving are tax deductible.

The Gift of Giving

Everyone can take part in Annual Giving. Large or small, all gifts are valued by the School and will make a difference. Administrative expenses are met by the school, meaning that every dollar of your gift will be directed to make tangible difference for our students at PCACS.
