Army Logistics (ADF) Gap Year

The [Army Logistics \(ADF\) Gap Year](#) role is a unique opportunity for students to experience life in the Army, without needing to make a long-term commitment. The skills obtained through this program will provide them valuable work and life experience, which are transferable to civilian employment opportunities. It enables Gap Year members personal and professional development for their next endeavour.

As part of one of Australia's largest supply chains, Gap students ensure that soldiers have the food, equipment, ammunition, and fuel they need to complete their mission. They play a key role in delivering supplies to the right location at the right time - whether they are in the warehouse sorting inventory or behind the wheel of high performing Army transport vehicles.

Explore more about the [Army Logistics \(ADF\) Gap Year](#) or contact Defence Force Recruiting on [13 19 01](#) for more information.

Federation University Australia is becoming Australia's first co-operative university.

The university has made a commitment to embed co-operative learning in every university degree and TAFE course by 2025. Co-op involves designing and delivering education in co-operation with employers.

Co-op benefits students by connecting them to employers and industries throughout their studies and giving them access to new opportunities. Co-op also provides a clear pathway from enrolment to graduation and employment – and the foundation workplace skills needed to hit the ground running.

Every Federation Co-op undergraduate degree will include:

- foundation workplace skills as well as the technical skills to prepare students for their future careers
- industry experiences that contribute directly to course credits and graduation
- a range of workplace learning opportunities to suit our students and employers including
 - paid cadetships
 - extended internships
 - shorter learning in the workplace opportunities
 - a team-based project for an industry partner

Students are encouraged to browse [Fed Uni Co-operative Model](#) to find out more.

Located in the centre of the city with views over Hyde Park, the [La Trobe University Sydney Campus](#) is close to work and internship opportunities and just a few minutes' walk to major transport hubs, vibrant café districts, shopping centres and Sydney's world-renowned icons.

The Sydney Campus features:

- Technology enhanced teaching spaces with interactive whiteboards
- Free, high-speed Wi-Fi across the entire Campus
- Dynamic classrooms that seamlessly adapt to different learning styles
- Quiet study hubs and collaboration zones designed to encourage creativity and learning
- Computer labs with the latest technology and software - free to use for all students
- A top floor library with stunning views across the city

[Diploma, Bachelor, and Master programs](#) are available, with three intakes a year. Most courses on offer at the Sydney campus relate to *business* and *information technology*, with an interesting [Undergraduate Certificate of Cybersecurity](#) course on offer too.
