

THE COACHING

Our team of FA and UEFA-qualified professional coaches are dedicated to creating a bespoke, elite coaching environment for students.

During your programme you will participate in sessions that are themed around a specific element of the game. The development syllabus has been created by our Academy staff, whereby player development is at the heart of the Club and is a significant point of difference for us on and off the pitch. Our coaches use inspiration from our current First Team and Academy to help develop all players on our programmes.

The Global Football Development team brings to life our philosophy at grassroots level, delivering coaching to players of all abilities.

We aim to improve each player to reach their maximum potential through:

- AUTHENTICITY:** Coaching from authentic, experienced and highly skilled FA and UEFA-qualified coaches from the Club who are fully integrated into the Club's overarching Player Development model.
- PHILOSOPHY:** Academy endorsed programmes which align with the Club's track record of developing players with flair, fluidity and attacking football associated with Tottenham Hotspur.
- PROGRESSION & DEVELOPMENT:** A focus on maximising every attendee's potential, not just as a player but as a confident individual, with clear progression pathways for players and coaches of all abilities.
