Instrument Loan Application Form

St George's Anglican Grammar School has a vibrant Music Department. The School offers a varied performance and composition focused music program, with excellent extra-curricular offerings. The department is an 'open department' - students can use the facilities and equipment outside of class (e.g. recess, lunch) as well as during class-time to practice, jam, and explore their musical interests and passions.

Extra-curricular ensembles include Rock Bands, Voice Ensemble, String Ensemble, Concert Band, Jazz Ensemble, Percussion Ensemble, Brassterminds, Electrocity Ensemble, Chapel Music.

Students involved in the Music Program take advantage of the many opportunities to perform offered by the School at events such as the Sounds at Sunset concert series, Battle of the Bands competition, the AngliSchools Combined School's Concert, and school productions (musicals).

As the hire and/or purchase of instruments represents a considerable cost and barrier to learning, the Instrument Loan offered by St. George's provides substantial savings and provides students with a pathway into instrumental lessons that otherwise may not exist. The successful applicant will be offered an instrument free of hire by the School.

In most cases the Instrument Loan is ongoing. Students who receive an Instrument Loan are expected to continue their lessons until they leave the School.

Please note Instrument Loan does not cover music books, consumables such as reeds, or any instrument servicing or repairs required arising from damage or misuse.

Expectations

As the School is investing in the successful applicant's musical future, it is expected that they will continue their instrumental lessons through their schooling until the end of Year 12.

The successful applicants will be expected to practice daily (including during holidays) and to take part in any relevant ensembles and performances. This is consistent with the expectations of all other instrumental students.

Further Information
