

Outside School Hours Care (OSHC)

EXPECTATIONS OF CHILDREN

Expectations

Expectations of Children is a summary of what the Service expects of every child.

St. Hilda's is a Christian school. Its motto, Non Nobis Solum (Not for Ourselves Alone) forms the basis on which regulations regarding behaviour are founded. Human relationships should be characterised by care and concern for the other person, whether a staff member or another child, members of the public, within the School grounds, on public transport and in public places. Bullying and harassing behaviour is never acceptable and students who offend may be asked to leave the Service.

All children have a right to learn. Behaviour in our Service should at all times be conducive to learning.

Courtesy, punctuality and orderly behaviour in and out of the classroom are required. Disruptive behaviour will not be tolerated.

Respect for property is a value of our society. Each child is expected to help to maintain and protect the School's property and environment and her own property. Respect must be shown for the property of others.

The Service reserves the right to inspect child property and lockers and confiscate, where appropriate, items which are banned under the School Expectations or Code of Conduct.

Care and concern for others should be extended to members of the public, within the School grounds, on public transport and in public places. A community depends on every member to contribute to its functioning. Every girl should contribute to the happiness and sense of community.

Children should show pride in themselves and the Service. All children are required to wear the appropriate clothing at all times. The manner in which it is worn should reflect the values of personal dignity, respect for others, and identification with our Anglican School community.

The Service takes no responsibility for valuables or money that is brought to the Service. Any items which are of personal significance and need special care should be signed in and out with the staff in OSHC Office area.

Outside School Hours Care (OSHC)

Relationships between children and educators, and between children, should be marked by courtesy and concern for each other and by respectful language.

Every child is expected to contribute to the maintenance of the physical environment of the School by taking care with property, furniture, equipment and gardens. Bins are provided for litter and must be used. School property may not be moved or borrowed from one area to another without permission.

Children are expected to care for their own property, to make good use of their lockers/port rack space, and to respect the property rights of others. All articles should be labelled with the child's name.

Expectations of Children - Children's Version

We share happiness and are kind to all members of the community.

We look after our belongings and care for the environment.

We learn about the values of Love, Compassion, Forgiveness, Hope and Grace and our motto – Non-Nobis Solum.

We all have a right to learn.
