

*St James College*

Catholic coeducation for Years 5 – 12  
in the Edmund Rice tradition

## ICT Network & Systems Engineer

Located in the heart of Brisbane's CBD, St James College is a dynamic and vibrant Catholic, co-educational Years 5-12 school community with a proud heritage and a heart of welcome and inclusion. Grounded in the Edmund Rice tradition, we offer a liberating education that celebrates all students' rich and diverse backgrounds. Our innovative and bespoke pathways are award-winning, and we are committed to nurturing critical thinkers with self-agency and the drive to make a difference in the world! If you are looking for a new challenge in a purpose-led school environment, St James College offers this and more.

Applications are invited from an experienced ICT Network & Systems Engineer to design, implement and manage the College's ICT infrastructure, ensuring systems run securely, reliably and efficiently. This is a full-time role within the ICT team

### Qualifications and experience

- Relevant ICT qualifications (tertiary qualifications desirable) and industry certifications highly regarded.
- Demonstrated experience supporting and administering Windows Server environments; Linux administration experience desirable.
- Strong knowledge of networking, security, storage, data protection, and disaster recovery best practice.
- Experience with Microsoft Cloud services (Azure, Intune, Exchange, Teams, Microsoft 365) and migrating on-premises platforms to cloud hosting.

### Application Details:

- Please provide a Cover Letter, a current CV including two (2) referees, with at least one being your current employer or most recent employer, and copies of relevant qualifications.
- To apply and for a detailed position description and selection criteria please visit our website: [Employment | St James College](#).
