### **UPDATE 3 - Novel Coronavirus - 2019-nCov**

Dear Parents and Caregivers,

Overnight, the College received new advice from the Queensland Government which now includes:

- anyone who has been in contact with any confirmed novel Coronavirus cases must self-isolate (self-isolation means staying at home and not accepting visitors) for 14 days following exposure;
- travellers who have visited Hubei Province of China need to self-isolate for 14 days after leaving Hubei Province;
- returned travellers who have visited China cannot attend school, childcare or TAFE for 14 days after leaving China including Hong Kong.

Further to the notification that was sent by the College earlier this morning, I restate that all students who have travelled to China or Hong Kong in the last 14 days are not to attend school until the mandatory exclusion of 14 days has expired.

As a result of this overnight notification from authorities our three boarding students, who are from China, are not attending school and are not in the boarding house. They are located in a temporary isolated facility on campus. These students are not from Hubei Province. They continue to be monitored and they have not shown any signs or symptoms.

All students have been spoken to at assembly this morning, and any student who has travelled to China or Hong Kong in the last 14 days have been identified and we are in the process of returning them home.

Staff will make arrangements for students who remain at home to keep up with their studies. Consequently, special consideration will be given to students who are affected.

The College will continue to monitor this evolving situation with Queensland Health as the welfare of all students and staff continues to be the College's priority.

Should you have any questions, please contact the Director of Admissions, Susan Shakespear [sshakespear@nudgee.qld.edu.au](mailto:sshakespear@nudgee.qld.edu.au)

Yours sincerely,
