

Bullying Prevention Policy

1 Rationale

The purpose of this document St Patrick's College seeks and affirms each boy's worth, dignity and vocation. Bullying strikes at the basis of these values and prevents students reaching for excellence in every dimension of life. Students are entitled to receive their education free from humiliation, oppression and abuse. Bullying affects everyone, not just the bullies and victims. It also affects those who may witness violence, intimidation and the distress of the victim. It can damage the atmosphere of a class and even the climate of a school.

3 Policy Statement

Bullying in all its forms has no place at St Patrick's College.

Definition of bullying – Bullying is recipient defined

Bullying is the misuse of power, position and privilege. It is done to intimidate, coerce, engender fear, to control.

Bullying may be recognised by three main characteristics:

- 1) it is repetitive in nature (prolonged over time)
- 2) it involves an imbalance of power
- 3) it may be verbal, physical, social or psychological

A person is bullied or victimised when he or she is exposed repeatedly and over time, to negative actions on the part of one or more persons.

Procedures for staff

Identification

1. Watch for early signs of distress in students. This could be evident in any aspect of school life.
2. All instances of bullying observed should be clearly recorded on an Incident Report form. The form should be handed to the House Deans for thorough investigation. A copy of this form will be included in the student's file.
3. Offer the victim immediate support and help. Offer your support to the victim and outline what will now happen.
4. Use all your students as a positive resource in countering bullying and take time to discuss the problem in tutor groups and activities sessions.
5. Ensure that all accessible areas of the school are patrolled during yard duty. Be aware of these areas between lessons and after school.

Education

1. All students upon entry to the College will be educated about the College Anti Bullying Policy.
2. Parents are encouraged to participate in the education process.
3. All teaching staff will be continually educated regarding instances of bullying at our school and our responsibilities in relation to bullying.
4. The College will select and review suitable material for in-servicing staff and will continually refocus the College on the issues surrounding bullying.

Procedures for students

1. Even if not directly involved, students should report all incidents of bullying to a trusted teacher, Group Tutor, House Dean or peer.
2. Students will be required to record the events in writing or through an interview process.
3. Both parties will be required to discuss the incident with a House Dean. Interviews with the two parties will initially occur separately. A report would be formulated by the House Dean at this time. A restorative practice approach will be adopted by the College in all cases of Bullying.
4. The parent of the students involved will be informed of the outcomes of the investigation and a formal letter will be attached to the files of all students involved.
5. Students who are found to be bullying will be required to attend an interview with the House Dean/Dean of Students.
6. If further incidents of bullying by the same boy occur, his parents will be required to attend an interview with the House Dean/Dean of Students to discuss the implications of moving to stage 2 and 3 of the College Bullying Prevention Policy.
7. Bullies will be required to be involved in a mediation process.
