Dear Parent/Guardian,

From the Office of the Principal

RE: COVID-19 Update – 08.05.20

Welcome to Week 2 of Term 2. College leadership, in collaboration with staff, will have more details for our College community on Tuesday 12 May regarding today's late announcement from the State Government in response to the three-step road map on relaxing COVID-19 restrictions.

Learning@Home will continue for the next two weeks with the College remaining open for children of essential workers; those who don't have suitable supervision at home; or those who don't have the ability, access or support available to provide adequate continuation of learning from home.

All parents/guardians who have a change in their situation and will be sending their child to school from **Monday 11 May to Friday 22 May**, are required to notify the College using the Notification of Attendance Form below **by Sunday 10 May** call the College on 6341 9988.

Notice of Attendance Form: <https://forms.gle/c6mWDdCzJ13fJfaB9>

Parents/guardians are not required to notify the College if they have previously made arrangements for their child/children to attend school.

As a reminder to families, students who attend the College campus will participate in the same Learning@Home program as their remote classmates, and will not necessarily be supervised by their scheduled teachers.

For those who are celebrating Mother's Day on Sunday, we wish you all the best.

God Bless,

Mr Tony Daley
Principal
